# VINYL SPC 4.0

# VINYL SPC 4.0

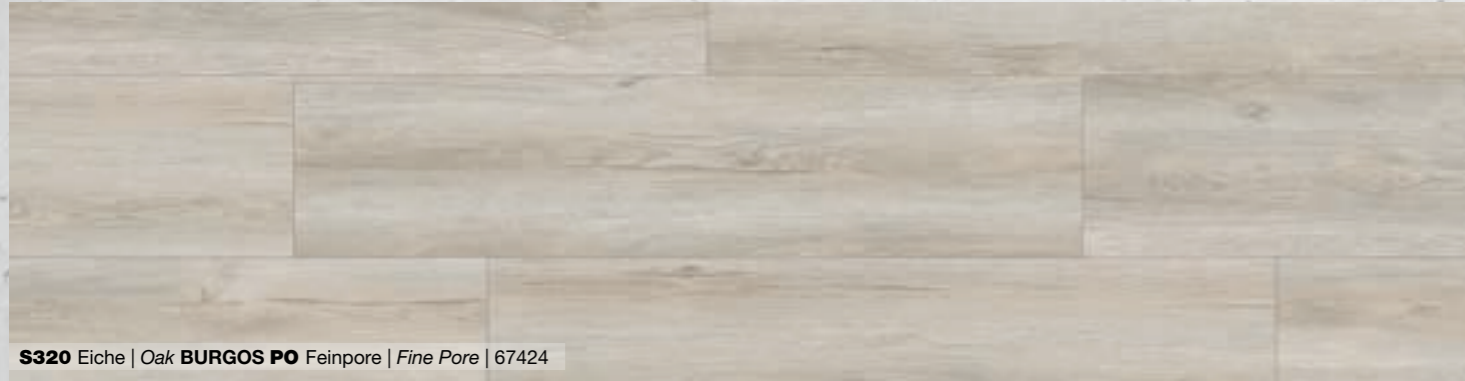

**SPC Vinyl Fußböden von Masterfloor** sind extrem belastbar, wasser- und rutschfest sowie formstabil – alles Eigenschaften, die sie als robuste Bühne fürs wahre Leben prädestinieren. Sie trotzen hohen Begehungsfrequenzen ebenso wie Nässe sowie groben Verschmutzungen und sind unempfindlich gegen Abrieb, Kratzer, Flecken oder Druck.

***Masterfloor vinyl SPC floors** are all highly resilient, waterproof, non-slip and inherently stable. All properties that make them predestined as a rugged stage for real life. They defy frequent use just as much as wetness and dirt and are insensitive towards friction, scratches, stains and pressure.*
